

SHANAHAN SWAFFIELD MARATHON

MARATHON (42.2KM)

The Shanahan Swaffield Partners Marathon is the only Marathon in Central Queensland. With the event now held in September it delivers ideal running conditions with little wind and perfect temperatures. Pair that with the fast flat road surface this course is ideal for anyone chasing a personal best or someone just breaking into the long course distance.

The 3 lap course starts on the beautiful Yeppoon main beach foreshore, renowned for its stunning sunrises. From here you head out along Farnborough Road, a long straight until you reach the roundabout for a fast and smooth right turn into Iwasaki Road lined with peaceful green shrubland before you reach the turnaround point. You then make your way back into Yeppoon where the cheer squads and spectators will be waiting for you in the racing precinct giving you that much needed boost for your next lap. While you are passing through here be sure to take in the hustle and bustle of the main street, the Kraken and the peaceful ocean views.

You will do the same for your 2nd lap and on your 3rd lap, which is slightly shorter, you head straight into the finisher chute where you can collect your well deserved medal and soak up that glorious finish line feeling and atmosphere.
